PROFESSIONAL SUMMARY

Results-driven Software Developer with experience building intelligent, data-driven solutions and supporting scalable software systems. Skilled in machine learning technologies including supervised and unsupervised learning, model training, data preprocessing, feature engineering, model evaluation, and workflow automation, with a strong foundation in cloud platforms and modern development practices. Eager to join an innovative team where I can apply machine learning expertise, collaborate across disciplines, and contribute to company goals through impactful, high-quality technology solutions.

KEY SKILLS

- Innovative approach
- Analytical thinking
- Attention to detail
- Active learning
- Stress tolerance
- Independence & collaboration
- Adaptability & Service Oriented

TECHNICAL QUALIFICATIONS

- AWS: Lambda, API Gateway, RDS, DynamoDB, S3, IAM, CloudWatch, CodeBuild, CodeDeploy, ECS/EKS (familiar)
- Machine Languages: Java, Python, JavaScript, TypeScript, SQL
- Frontend: React, Redux, Angular, HTML/CSS
- Backend: REST APIs, JSON, XML, Microservices, Stripe API
- DevOps: Docker, Jenkins, Git, CI/CD, Agile/Scrum
- Databases: SQL Server, Amazon RDS, DynamoDB, Redis
- Testing: Postman, Jest, Unit Testing, Debugging

PROFESSIONAL EXPERIENCE

AV Technician | AV Crew Canada, Mississauga, ON | October 2023 – Present

- Installing, configuring, and troubleshooting integrated audiovisual and networking systems for corporate environments and live events.
- Diagnosing and resolving hardware, software, and connectivity issues under strict time constraints to minimize downtime.
- Developed and deployed a company portfolio website using React and TypeScript on GitHub Pages, improving digital visibility.

Software Developer (Contract) | Cloud Nexus, Toronto, ON | December 2023 – February 2024

- Developed Python automation scripts to streamline invoice creation and financial workflows for business operations teams.
- Integrated Stripe REST APIs to automate payment processing workflows and improve billing accuracy.
- Built backend logic to process and validate structured financial data using JSON and troubleshoot workflow issues.
- Utilized different tools such as Python, REST APIs, JSON, Scripting.

Software Developer I | Moneris, Etobicoke, ON | August 2022 – October 2023

- Re-architected payment processing workflow software using modern frameworks and secure development practices.
- Designed responsive front-end forms using React, Redux, and TypeScript aligned with evolving business requirements.
- Developed and tested RESTful API integrations supporting internal payment and workflow systems.
- Wrote unit tests using Jest and resolved software defects to improve application reliability and stability.
- Utilized different tools such as Java, React, Redux, TypeScript, REST APIs, Jest, Git, SQL Server, Microsoft Azure.

Software Developer (Co-op/Intern) | Canada Health Infoway, Toronto, ON | August 2020 – August 2021

- Developed Java applications with RESTful API interfaces and secure connectivity to Amazon RDS databases using jOOQ.
- Implemented mock microservice architecture using AWS Lambda, API Gateway, and DynamoDB for backend simulation and testing.
- Built CI/CD pipelines using AWS CodeBuild, CodeDeploy, Jenkins, and Docker to improve deployment efficiency.
- Automated API testing workflows in Postman using JavaScript, reducing manual QA effort.
- Refactored AI-assisted transcription software using Amazon Transcribe and Comprehend to map outputs into HL7 formats.
- Utilized different tools such as AWS Lambda, API Gateway, DynamoDB, RDS, Docker, Jenkins, Java, JavaScript, Python, REST APIs, Postman, JSON, XML, Git.

CERTIFICATIONS

- CompTIA A+ (In Progress)
- Machine Learning Certificates – DeepLearning.AI (2023)
- Microsoft Certified: Azure Fundamentals (AZ-900) (2022)
- Software Security Practitioner – Defending Java, Security Compass (2021)

EDUCATION

Honours Bachelor of Science, Computer Science - University of Toronto | Graduated with Distinction | 2022

Bachelor of Science, Pre-Med/Pre-Dent - University of Toronto
